Thank you for joining the [Trifoglio Nero](#) mailing list where we will keep you up-to-date with information about our gallery and artists.

The gallery opens on [Saturday 29th March](#) with [Memory Documents](#) by [José Parla](#), his first solo show in Italy. José has been here with us for the past few weeks preparing the exhibition which promises to be something very special.

The [preview opens at 18.00](#) at the gallery (Palazzo Ducale, Piazza Matteotti 80r, Genova) and then [continues later at Banano Tsunami](#) in the Porto Antico where we are delighted to have [Bobbito Garcia](#) over from New York [to host the after party](#).

A [catalogue](#) has been produced for the exhibition and is [available both as a signed and numbered edition of 100](#), and as an unsigned edition. For those of you making the trip to Genova they can be bought here in person or otherwise from the site. The book itself is [hardback](#), [136 pages](#) and is printed in [full colour](#), featuring [essays by Greg Tate](#) and [Franco Sborgi](#) and is a mixture of old and new work and photography.

We will also have some copies of [José's Cityscapes](#) book from his show of the same name at ArtBasel Miami Beach, from 2006.

[Thank you for all you emails and words of support and we look forward to meeting you in Genoa.](#)
